

Easy application. Reliable Performance. Lower Cost.

QuietSeal Pro is a high performing, non-hardening acoustical sealant used to maintain optimum acoustic performance of the Quiet Soundproofing System. QuietSeal Pro stays soft to prevent cracking and reduce sound transmission. Apply QuietSeal Pro around perimeters of the walls, ceilings and wall partitions, junction boxes and any small penetrations to stop noise leakage in your assembly. It's easy to use and offers a hassle free clean up – just use soap and water. Choose QuietSeal Pro for fast application, maximum performance, and reliable results when used as part of the Quiet Soundproofing System.

The Quiet Soundproofing System in 3 easy steps:

Visit www.QuietRock.com for installation instructions and complete architectural documentation.

QuietSeal Pro Benefits:

- Optimizes soundproofing performance
- Easy application
- Hassle free clean up
- Stays soft for high acoustic performance
- Environmentally friendly: water-based, low VOC and low odor
- Exceeds ASTM C834 standards

Product Specifications:

Model:	QuietSeal Pro	Product Code 314413
Color:	Light Blue	
Coverage:	88 linear feet for 1/4" bead	
Weight:	3 lbs/tube	
Storage temp:	40°-100°F	
Volume shrinkage:	18.4%	
Quantity per case:	Two boxes of nine tubes (29 oz.)	
	Total of 18 tubes per case	

The information contained in this document is for general information purposes only. Features and specifications are subject to change. Construction practices have an influence on final STC ratings. Serious Energy cannot guarantee actual STC ratings. Flanking sound patterns, the integrity of the wall, and floor and ceiling construction are important factors in effective sound control.
